Ayur Serene

Sleep Supporter

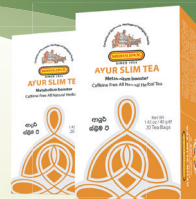

A calming herbal infusion designed to promote relaxation and evening comfort. Enjoy before bedtime to unwind gently, ease daily tension, and prepare your body and mind for a peaceful, soothing night routine and restful sleep atmosphere.

Ayur Slim

Metabolic Balance

A light, warming herbal tea that complements mindful eating and an active routine. This comforting blend supports digestive ease and natural rhythm, making it a pleasant everyday companion for those seeking balance, lightness, and sustainable wellness habits.

Ayur Intellect

Mental Clarity

An aromatic herbal blend crafted to encourage alertness, focus, and mental freshness. Ideal for work or study, this smooth infusion supports clarity and calm concentration while providing a relaxing and enjoyable tea experience anytime you need balance.

Ayur Immune

Daily Defense

Ancient herbal tea created to support everyday wellness and seasonal balance. This comforting blend promotes warmth and vitality, making it ideal for regular enjoyment as part of a healthy lifestyle focused on maintaining natural strength and daily resilience.

Ayur Flow

Promotes urine flow

A refreshing herbal blend that supports the body's natural fluid balance and daily comfort. Enjoy as part of your hydration routine to feel light, refreshed, and at ease, promoting gentle wellness and a clean, revitalizing sensation.

Ayur Breathe

Breathe Easy

A refreshing herbal tea crafted to support comfortable breathing and everyday respiratory freshness. This soothing blend helps you feel clear, calm, and revitalized, offering a gentle tea experience ideal for daily relaxation, balance, and natural wellness support.

Ayur Diacin

Balanced Living

Ancient blended herbal tea that supports everyday balance and mindful living. This gentle infusion complements a healthy routine by encouraging harmony in daily steadiness, Balance sugar and overall lifestyle wellness.

Ayur Health Tea

Researched and developed by Siddhalepa Ayurveda Hospital (Pvt) Ltd, Siddhalepa Herbal Teas capture the healing and rejuvenating powers of nature in a carefully crafted liquid form. Rooted in the wisdom of Ayurveda—a holistic healing tradition that has flourished for over 5,000 years each blend is created to support specific aspects of health and well-being.

Our teas are made exclusively from 100% natural, organically grown ingredients, including carefully selected herbs, roots, and leaves. These ingredients are traditionally harvested and expertly processed to preserve their natural potency and therapeutic value. Every formulation follows time-honored Ayurvedic principles, ensuring a balance of effectiveness, purity, and authenticity.

Each Siddhalepa Herbal Tea is uniquely formulated to address a specific bodily function or wellness need. As a result, some blends carry a strong and distinctive taste, reflecting the strength of their active ingredients. We do not dilute or alter our formulations to enhance flavor, as doing so would compromise their natural healing properties. Instead, we remain committed to delivering teas in their purest and most effective form, staying true to the philosophy that genuine wellness begins with nature itself.
